

# High Brightness Topper

maintain a  
**high profile**

**Be noticed.** Your **Tranax ATM** or **Kiosk** will stand out in a crowd with the new High Brightness Topper. **Increased visibility** will help **maximize traffic** and **transaction volume** at your locations.

Compatible with all flat top Tranax ATMs and Kiosks, this illuminated topper encased in a shiny metallic frame can be **displayed vertically** or **horizontally**, and includes a removable panel that can be **customized** with your own **graphics**.

# High Brightness Topper

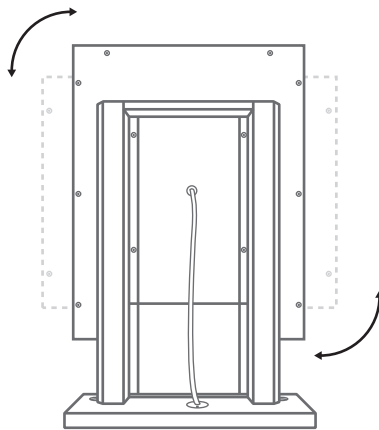

## VERTICAL TOPPER

Each sign includes a default graphic and a blank 19.5" x 15.25" panel.

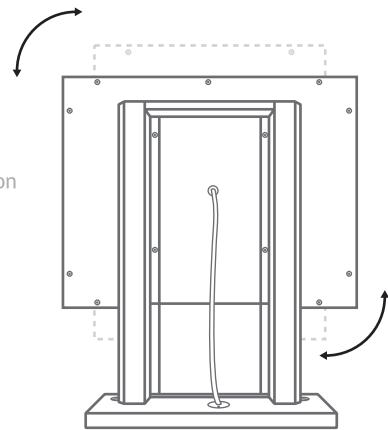

Tranax Design Services can help you brand your machine with custom panels.

## HORIZONTAL TOPPER

The sign easily changes orientation from landscape to portrait.
